

REPURPOSE SPACES

Hello !

I am Janhavi Dhariwal Balan

Sprucing up spaces internally and externally along with improving space efficiency while preserving the environment has been my passion since childhood. Thought I would turn it into a small business.

So here is what we do-

COMMERCIAL SPACES

With time a space can lose its charm. We undertake infusing ideas, planning and execution of giving commercial spaces a face lift. Transforming old to new but getting the client to spend only where required is one of our strength. Making unused spaces more functional and appealing at the same time is our speciality. We take up spaces of any size and type. Attached below are a few pictures of work done by us.
